Thank you for choosing Black Box Audio!

We are excited to have you on board and can't wait for you to start exploring the creative possibilities of Rotor. We've worked hard to develop a tool that combines innovation and ease of use, and we're confident it will enhance your creative workflow.

Let's connect!

Join our [Discord community](#) to discuss all things music, sound design, production, engineering, and more. Share your projects and discover how others are using Rotor to create cool things.

Stay in the loop

Be the first to know about updates, tutorials, new releases, and beta testing opportunities by signing up for our newsletter at [bbx-audio.com](#).

Need assistance?

If you encounter any issues or have questions, please reach out to us at [support@bbx-audio.com](#). We are here to help and will respond as quickly as possible to get you back on track.

Thanks again for your support. Your creativity motivates us to keep building tools that empower artists like you.

Cheers!
The Black Box Audio Team
